

NYC Public Schools: Parent Privacy Checklist 2026-27

A Tiny Teach Press KEVE Resource | Updated September 15, 2026

What this does: You generally cannot stop NYCPS from keeping the core records it needs to enroll and educate your child. **You can limit** several optional disclosures, media uses, surveys, mailings, and program-specific data sharing.

DO NOW

1

Directory Information - opt out

Stops the school from treating items such as your child's name, age, grade, photo, activities and awards as directory information for school-community publications/recognition. **Trade-off:** this may affect yearbooks, playbills, honor rolls or similar recognition.

[OPEN 2026-27 DIRECTORY OPT-OUT FORM \(DOCX\)](#)

2

Media Consent - do not grant if you do not want it

The NYCPS form grants permission for interviews, photos, audio/video and publication of your child's name/image/likeness. A separate form is required for outside nonprofit/third-party recordings.

[NYCPS MEDIA FORM](#) | [THIRD-PARTY FORM](#)

3

Charter-school promotional mailings - opt out

NYCPS shares limited contact/grade information with Vanguard for charter-school informational mailings unless you opt out. **Main deadline: October 31.** One submission per child; OSIS number required.

[OPEN THE OFFICIAL OPT-OUT SURVEY](#)

4

NYC Kids RISE - decide before opting out

Eligible students are automatically enrolled. Opting out stops the program data sharing, **but your child also will not receive the NYC Scholarship Account/initial investment.** The 2026-27 initial 30-day opt-out period is in fall 2026.

WATCH DURING THE YEAR

5

Sensitive surveys / PPRA

For covered sensitive topics, parents may have a right to prior written consent or notice plus an opportunity to opt out. There is **not one blanket annual opt-out form**; respond to the notice for the specific survey/activity.

[NYCPS PPRA RIGHTS & NOTICES](#)

6

Third-party apps, vendors and organizations

Ask the principal which vendors/apps/CBOs can access, receive, store or process your child's PII, what data they receive, and why. FERPA can allow qualifying contractors to receive data without individual consent.

[NYCPS OUTSIDE-ENTITY / VENDOR AGREEMENTS](#)

HIGH SCHOOL ONLY

7

Military recruiters / colleges - opt out

For high school students, families can block release of specified contact information to military recruiters and/or institutions of higher education. **2026 deadline: October 23.** 9th- and 10th-grade families may file in advance.

[OPEN THE CURRENT OPT-OUT FORM \(PDF\)](#)

8

National Student Clearinghouse - check before filing

NYCPS has a separate opt-out process for high-school directory information shared with the Clearinghouse. **As of Sept. 15, 2026, the public NYCPS page still references the prior school year.** Use the official page below and confirm the 2026-27 form/deadline before submitting.

[CHECK THE OFFICIAL NYCPS CLEARINGHOUSE PAGE](#)

One email worth sending to the principal: "Please provide the names of all third-party vendors, applications, platforms, community-based organizations, researchers and service providers currently used by the school that receive, access, store or process PII concerning my child, including what data is involved and the educational purpose."

NYC Charter Schools: Parent Privacy Checklist 2026-27

A Tiny Teach Press KEVE Resource | Updated September 15, 2026

There is no single NYC charter-school privacy packet. Federal FERPA/PPRA rights and New York Education Law 2-d still create protections that families can use across charter schools. **Always check your own charter's annual notice for its deadline and recipient.**

CORE PRIVACY ACTIONS

1

Annual FERPA notice + Directory Information Opt-Out

Find the charter's annual FERPA notice. If the school designates directory information, FERPA requires notice of the categories, your right to restrict disclosure, and the time for written notice. Page 2 gives a universal sample.

[FERPA DIRECTORY INFO](#) | [ANNUAL NOTICES](#)

2

Inspect records + request corrections

Parents generally have the right to inspect education records and ask the school to amend information they believe is inaccurate, misleading, or violates privacy rights. FERPA access must be provided within a reasonable time, no more than 45 days.

[FERPA RECORD ACCESS](#)

3

NYS Parents' Bill of Rights + vendor disclosures

New York Education Law 2-d and Part 121 apply to charter schools. Your charter should publish its Parents' Bill of Rights, Data Privacy & Security Policy, complaint process, and supplemental information for contracts where vendors receive protected student PII.

[NYSED PARENT RIGHTS](#) | [CHARTER COMPLIANCE](#)

4

Media / photo / publicity consent - school specific

USE YOUR SCHOOL'S FORM

There is no universal NYC charter media form. Review your charter's own release before signing. Ask whether consent covers the school website, social media, outside press, fundraising, vendors, and third parties, and whether you can decline or limit it.

[FERPA DIRECTORY INFO](#)

WATCH / PROGRAM-SPECIFIC

5

Sensitive surveys / PPRA

PPRA can require parent consent or notice plus an opportunity to opt out of certain surveys, analyses, evaluations, marketing activities, or examinations. This is usually triggered by a specific activity, not one blanket annual parent form.

[FEDERAL PPRA RESOURCES](#)

6

NYC Kids RISE - participating charter schools only

ONLY IF YOUR CHARTER PARTICIPATES

For participating NYC charters, eligible students can be automatically enrolled unless the family opts out during the applicable period. Opting out means the child will not receive the NYC Scholarship Account or related program funds.

[CHARTER SCHOOL RESOURCE HUB](#)

7

Privacy complaint / suspected unauthorized disclosure

First use your charter's published privacy complaint process or Data Protection Officer. Parents and eligible students may also file a complaint with the NYSED Privacy Office about alleged unauthorized access to or disclosure of protected PII.

[NYSED PRIVACY COMPLAINT](#)

8

High school: military / college recruiter disclosure

HIGH SCHOOL ONLY

For covered secondary-school LEAs receiving federal assistance, a parent may submit a written request that the student's name, address and telephone listing not be released to military recruiters or institutions of higher education without prior written consent.

[FEDERAL STATUTE](#)

Best practice: save a copy of every submission and ask the school to confirm receipt in writing.

Universal FERPA Directory Information Opt-Out Sample

A Tiny Teach Press KEVE Resource | For NYC Charter-School Families

SAMPLE ONLY - NOT AN OFFICIAL CHARTER-SCHOOL FORM

Personalize it for your family. Check your school's FERPA notice for its deadline and where to send written notice.

Why this works: FERPA allows a parent to notify the school in writing that the parent does not want **any or all** types of information designated as directory information. The school's annual notice controls its listed categories and deadline.

[READ THE FEDERAL DIRECTORY-INFORMATION RULE](#)

Sample subject: FERPA Directory Information Opt-Out - [Child's Name]

Dear [Director of School Operations / Principal / FERPA Contact],

I am the parent/legal guardian of [Child's Name], [Grade/Class], at [Charter School Name]. I am providing written notice under FERPA that I do not want my child's information designated or disclosed as directory information except as specifically stated below.

Choose ONE and personalize it for your family:

1. ☐ NO EXCEPTIONS

Do not designate or disclose any category my school identifies as directory information.

2. ☐ ALLOW ONLY: school roster, awards recognition, or similar internal/community uses.

If the school requires a category-by-category selection instead of a use-based restriction, please contact me before treating this as permission for broader disclosure.

3. ☐ ALLOW ONLY THE FOLLOWING FAMILY-SPECIFIC EXCEPTION(S):

Please confirm in writing that this restriction has been received, recorded, and will be applied to directory-information disclosures for the 2026-27 school year.

Parent/Guardian: _____ Child: _____

Grade/Class: _____ School: _____

Signature: _____ Date: _____

How to use this sample

1. Read your charter school's current FERPA / directory-information notice first.
2. Replace every bracketed field. Do not submit a generic copy with blanks.
3. Use the school's stated recipient and deadline. If it provides its own form, follow that process too.
4. Keep a copy, screenshot/email receipt, and any written confirmation from the school.

A directory-information opt-out does not prevent disclosures FERPA or other law separately permits without parent consent.

Prospect Schools: Parent Privacy Guide 2026-27

A Tiny Teach Press KEVE Resource | Updated September 15, 2026

DIRECTORY INFORMATION OPT-OUT DEADLINE: SEPTEMBER 30, 2026

Enrolled after Sept. 30? Prospect says submit within two weeks of enrollment.

Prospect Schools requires a written directory-information opt-out to the school's Director of School Operations (DSO). This guide shows the privacy documents to review, what each one does, and a sample notice you can personalize on page 2.

1

FERPA notice + student records

Prospect's handbook explains your right to inspect your child's education records, request corrections, and generally consent before personally identifiable information is disclosed, subject to FERPA exceptions. Record-access requests can be sent in writing to Prospect.

[OPEN 2026-27 HANDBOOK](#)

2

Directory Information - written opt-out

This is the key annual action. Prospect designates a broad list that includes name, address, phone, email, photograph, date/place of birth, grade, activities, awards and more. Send written notice to your school's DSO by the deadline above.

[HANDBOOK: FERPA / DIRECTORY SECTION](#)

3

Media release - review your family's consent

Prospect handbooks identify a media release form as part of student records, but I could not verify a current blank 2026-27 media-release form on the public Family Resources page. Ask your school for the current form and review photo/video/publicity permissions before signing.

[PROSPECT FAMILY RESOURCES](#)

4

Parents' Bill of Rights - NY student data

This Prospect document explains protections under New York student-data privacy law: student PII cannot be sold or released for commercial purposes; families can inspect records; safeguards are required; and families may complain about suspected data breaches.

[OPEN PARENTS' BILL OF RIGHTS](#)

5

Data Privacy & Security - apps, vendors, AI

Prospect's policy covers FERPA, COPPA, IDEA, NY Education Law 2-d and Part 121. It applies to vendors and contractors handling PII. Prospect also says classroom technology goes through privacy and safety review. Ask what apps/vendors receive your child's data and why.

[OPEN DATA PRIVACY POLICY](#)

6

Privacy complaints + high-school recruiter opt-out

For a suspected privacy/data issue, Prospect directs complaints to its Data Protection Officer and lists privacy@prospectschools.org in its privacy policy. High-school families should also review the handbook's military-recruiter disclosure and submit a written opt-out if desired.

[EMAIL PROSPECT PRIVACY](#)

Important: A directory-information opt-out does not stop Prospect from keeping core education records or from disclosures FERPA/other laws permit without individual consent. Keep a copy of anything you submit and ask for written confirmation.

Prospect lists directory information broadly: name, address, phone, email, photograph, date/place of birth, major field of study, attendance dates, grade, activities/sports, athletic height/weight, degrees/honors/awards, and most recent prior school.
